

A Stitch in Time
Written by Tom Stevens

Em D Em
Thread the needle - with one eye closed
Em D Em
Steady hand like a jeweler do you suppose
Em D Em
Save my world - with just one poke
Em D Em
But don't try to fix it - if it ain't broke
G A Em
But a stitch in time is fine if you know what you're doin'

Em D Em
Got bombs that whistle - You got bombs that sing
Em D Em
But they got 'em too - don't mean a goddamn thing
Em D Em
Do you believe - the winner in time
Em D Em
Will be the one with the most toys - at the finish line
G A Em
A stitch in time is fine if you know what you're doin'
G A C Bm Em D
But I don't understand what you're doin' with that blood on your hands I don't know

E A
It's not a case of black or white
E A D
It's not a case or wrong or right it seems
E A
Just one thing that I know is true
E A D
You're just as damned if you're doin' it too it seems

Em D Em
Don't wanna argue - Don't wanna place no blame
Em D Em
Each generation thought they'd be different just to end up the same
Em D Em
'Cause that money screams - while ideals die
Em D Em
But you can't pull the wool - over this boy's eyes
G A Em
Yeah a stitch in time is fine if you know what you're doin'
G A C Bm Em D Em
But I don't understand what you're doin' with that blood on your hands I don't know - I don't know
